

ASHISH JOHN

Interior Designer — Design Visualization & Space Planning

Ottawa, ON | 343-987-4009 | ashishjohn1020@gmail.com

PROFILE SUMMARY

Detail-oriented Interior Designer with formal training in space planning, color theory, and material selection, and hands-on experience across residential, commercial, and retail projects. Strong technical foundation in 2D/3D drafting and rendering software, with a growing focus on photorealistic visualization for client presentations. Comfortable managing a project from concept development through material specification and client consultation.

SKILLS

Space Planning & Layout Design	AutoCAD, SketchUp, 3ds Max
Color Theory & Material Selection	Photoshop, InDesign, Canva
Furniture & Fixture Planning	Chief Architect, Design 20-20
Lighting Design & Application	Revit (working knowledge)
3D Visualization & Rendering	Budgeting & Cost Estimation
Client Consultation & Requirement Analysis	Project Coordination & Vendor Management

SELECTED DESIGN PROJECTS

- **Onyx Bar & Lounge** — Art Deco-influenced hospitality concept; produced sample boards, dimensioned floor plans, elevations, and photorealistic renders (collaborative project).
- **Moroccan Nights Kiosk** — Themed retail kiosk concept for a shopping mall; AutoCAD plans, brand identity, and material/finish visualization.
- **Contemporary Restaurant Concept** — Algonquin College capstone; full-service restaurant interior developed with a project team from concept through presentation.
- **Themed Office Interior** — Full workplace interior modeled in SketchUp, covering reception, workstations, break room, and executive office.
- **Private Residence, Kerala, India** — Multi-year residential build in a Mid-Century Modern/Art Deco direction; material, finish, and lighting specification.

WORK EXPERIENCE

Inside Sales Associate 2023 – 2026
Accenture Business Services — Ottawa, ON

- Collaborated with cross-functional teams to help clients improve the effectiveness of advertising strategies on Meta platforms.
- Used Ads Manager and Business Manager tools to support advertisers in improving key account performance metrics.
- Built data-driven action plans to close knowledge gaps and improve service quality scores.

Site Supervisor 2022 – 2023
Petro-Canada

- Supervised daily site operations in a fast-paced retail environment, overseeing customer satisfaction, product placement, and team coordination.
- Developed and implemented operational and sales strategies, and trained team members on service standards and procedures.

Sales Associate 2022
Home Depot

- Advised customers on selecting flooring, paint, lighting, and finish materials for home improvement projects, aligning choices with budget and safety requirements.
- Prepared project estimates and material specifications tailored to customer budgets and timelines.
- Coordinated with store departments and vendors to source products and resolve availability issues.

Interior Designer 2018 – 2019
J.J. Interiors

- Delivered end-to-end interior design services for residential and commercial clients, including 3D renderings, AutoCAD drawings, and material specifications.
- Guided clients through selection of finishes, furniture, and lighting, balancing aesthetic goals with ergonomic and safety standards.
- Collaborated with multidisciplinary teams to develop and finalize design concepts, managing timelines and client communication for on-time, on-budget delivery.
